- **Contribution from the insect sector**, by Mr Heinrich Katz, IPIFF Executive Committee Member
- Roundtable discussion

- Concluding remarks by Ms Adriana Casillas, IPIFF Vice-President

Sponsored by

The International Platform of Insects for Food and Feed (IPIFF) is a non-profit organisation which represents the interests of the insect production sector towards EU policy makers, European stakeholders and citizens. Composed of 43 members, most of which are European insect producing companies, IPIFF promotes the use of insects and insect-derived products as top tier source of nutrients for human consumption and animal feed.
